

It's Easy to Make Lasting Impressions Every Day

LET YOUR CONFIDENCE SHINE THROUGH WITH A WHITER SMILE

Thinking about whitening your teeth?

We offer **EZ White® Pro In-Office Whitening System**— an easy way to professionally whiten your smile and boost your confidence in as little as 30 minutes.

EXPERIENCE EZ WHITE® PRO

- Professionally whitened teeth in as little as 30 minutes
- Little to no sensitivity associated with the procedure
- One convenient office visit for long-lasting results

1 What makes EZ White® Pro different?

It takes just one convenient office visit and works in as little as 30 minutes to instantly whiten your smile with little to no sensitivity.

2 Is teeth whitening safe?

Yes. Whitening with hydrogen peroxide and carbamide peroxide products has been proven safe through extensive research. Ask us for the complete safety information associated with EZ White® Pro.

3 Why professional whitening?

As your dental healthcare professionals, we have the whitening experience to quickly and safely achieve deeper, long-lasting results.

4 How long does my whiter smile last?

Results depend on many factors, including tooth structure, personal habits, physical health, and oral hygiene. Consult with us to maintain whitening results.
